

# WORKSHOP LESSONS

- Playwright is a capable E2E test runner
  - test the UI
  - mock network calls
  - control the clock

# WORKSHOP LESSONS

- Cypress is a capable E2E test runner
  - test the UI
  - mock network calls
  - control the clock

# WORKSHOP LESSONS

- There is difference in how Pw and Cy work
  - Pw = Node.js
  - Cy = browser

# WORKSHOP LESSONS

- There is difference in how Pw and Cy work
  - Pw = `await command | assertion`
  - Cy = `command.command.assertion`

# WHICH ONE TO PICK

- Pick the test runner you know best

**Tip:** can you finish every programming exercise in this workshop?

# THE END 🎉

Thank you for learning E2E testing with [Cypress.io](https://docs.cypress.io/) and [Playwright](https://playwright.dev/docs/intro)

- <https://docs.cypress.io/> <https://playwright.dev/docs/intro>
- **My resources** <https://cypress.tips/courses/cypress-vs-playwright> is the full hands-on course with lessons and videos

🙏 Please: tell the conference organizers if you enjoyed the workshop
